### **Entering the Weekend**

Know that our hope is that you enjoy the weekend. We want to make it a place for us to ask, reflect and struggle through questions of faith around this person of Jesus. We will discover the significance of his life, death, and its relevance to life. Our hope is that when you leave you will have a clearer picture of him and his heart for the world.

### **Questions for Reflection**

These questions will prepare you for the weekend. Please answer them before you arrive.

1. Describe your religious background or any spiritual experiences you may have had. Does it mean anything to you today?
2. What do you think God might be like? What question do you have about God?
3. How have you experienced pain in the world?
4. Who do you understand Jesus to be?
5. If you are not a follower of Jesus, what is holding you back from becoming a follower of Jesus?

If you are a follower of Jesus, what is the story of your transformation?

6. What are you hoping to receive from this track on Finding God?
